

License exceeded

Message	<ul style="list-style-type: none">• Appliance license exceeded• DNS license exceeded• DHCP license exceeded• IPAM license exceeded
Type	Warning
Description	<p>This warning is shown when the current license for Men & Mice component has been exceeded. For example, if the appliance license is only valid for a single appliance, and another appliance is added, then the additional appliance is not shown.</p> <p>Please contact sales@menandmice.com to resolve the matter.</p>
